

## **Section I: Preparation and Adoption**

This Agricultural Water Management Plan (AWMP) represents the first update to the 2012 Plan prepared by Belridge Water Storage District (BWSD or District) to comply with the requirements of the SB X7-7 (the Water Conservation Act of 2009). The District has, however, been involved in other water management efforts, as itemized below.

### **A. Description of Previous Water Management Activities**

On March 7, 2006 the District Board of Directors adopted a Water Management Plan prepared in compliance with AB 3616 Agricultural Water Suppliers Efficient Water Practices Act of 1990, in accordance with the January 1, 1999 Memorandum of Understanding Regarding Efficient Water Management Practices by Agricultural Water Suppliers in California. The Water Management Plan was endorsed by the Agricultural Water Management Council in January 2007.

In 2012, the District prepared and submitted the “2012 Agricultural Water Management Plan” in compliance with SB X7-7. The objectives of the AWMP were to evaluate the District’s current water management practices and identify areas where significant improvements have been made, identify areas to improve the efficiency of water use within the District, and consider past and future water management strategies to increase the reliability of water deliveries to the District. The 2012 report concluded that the District had fully implemented all of the critical and the applicable conditional EWMPs.

The purposes for preparing the 2015 update to the 2012 Plan for the District are to:

1. Incorporate the requirements from the Governor’s April 1, 2015 Executive Order (B-29-15) to include in the AWMP a detailed drought management plan in addition to quantification of water supplies and demands for the 2013, 2014, and 2015 years to the extent data is available.
2. Continue to evaluate the District’s water management practices.
3. Identify areas to improve the efficiency of water use within the District.
4. Consider past and future water management strategies to increase the reliability of water deliveries to the District.

### **B. Coordination Activities**

#### **1. Notification of AWMP Preparation**

The Plan was prepared in cooperation with public entities including the Lost Hills Water District (LHWD) and the Berrenda Mesa Water District (BMWD). Table 1 summarizes the agencies and parties notified regarding the coordination, adoption, and submittal activities of the AWMP.

BWSD solicited public input by inviting oral and written comments prior to and during the BWSD Board of Directors public hearing on December 2, 2015.

## **2. Public Participation**

The District provided notice of public meeting to review and adopt the AWMP in the Bakersfield Californian on November 8 and 15, 2015 (Appendix 1). This notice included the notification of preparation and the notification of the date of the public meeting to be held to review and consider adopting the AWMP.

The District received responses and comments from several landowners regarding the AWMP via email, phone calls, and at a landowner meeting held on December 2, 2015. This AWMP incorporates their input.

## **C. AWMP Adoption, Submittal, and Availability**

### **1. AWMP Adoption**

The District is submitting the AWMP included in this document in accordance with SB X7-7 requirements and which has been adopted by the Board of Directors on December 2, 2015. Resolution of Plan Adoption by the Board is included in Appendix 2.

### **2. AWMP Submittal**

Copies of the finalized AWMP have been sent to the following agencies:

- DWR
- Kern County
- California State Library
- Lost Hills UD, Berrenda Mesa WD, and Lost Hills WD

### **3. AWMP Availability**

The AWMP will be posted on the District's web site on or before February 5, 2016 and can be viewed in the following link: <http://www.belridgewsd.com>.

## **D. AWMP Implementation**

Plan implementation began with Board adoption on December 2, 2015 and will continue until the next update. Further details on water use efficiency implementation schedule and documentation are described in Sections VII and VIII.
